STRAWBERRY

Toothpaste™

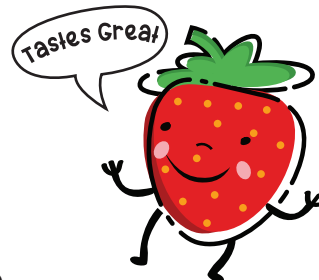

Supports healthy teeth and gums*

Kid's Strawberry Toothpaste—The only toothpaste good enough for your children is the one with pure ingredients and a taste they enjoy every single day. At NAHS, we have children too, and we care about what they brush with. Many children's toothpaste products fail to make a pure formula, free of glycerin, fluoride, microplastics, dyes, and sugars. Kid-E-Kare is different. Every ingredient is carefully handpicked from the Earth, including our organic strawberry powder, a natural tooth whitener, and premium edible grade spice oils, so you know your child is protected with every brush.

- Real organic strawberries and stevia for a delicious experience
- 100% free of glycerin, fluoride, dyes and toxic additives
- Wild Oreganol P73, clove and eucalyptus support healthy teeth and gums
- Safe to swallow

Kid's Strawberry Oral Clenz—The purity of this mouthclenz is just right for your child because it promotes healthy teeth and gums without the use of fluoride, alcohol, glycerin, and other chemicals. With real organic strawberries in every gargle, it's a fun way for your children to learn about cleansing their teeth and gums. Use one teaspoon twice daily for best results! The companion product to the Kid-E-Kare Strawberry Toothpaste.

- Alcohol, glycerin and fluoride free!
- So safe your kids SHOULD swallow it
- A pure children's mouthclenz with organic strawberry and wild spice oils
- A children approved delicious taste

Alcohol/Fluoride Free • Glycerin Free
